

# PEACE TODAY

Date & Time: 21 September 11:11 a.m.

Location: Wherever you are in the world

September 21 is designated as the  
International Day of Peace.

It is proposed that at 11:11 a.m. on that day, in every time zone  
around the world, we lay down our weapons,  
whether it be a bazooka gun or our sharp tongue,  
and observe, with intention, a 24-hour cease-fire.

As each person, business, state, and nation,  
comes to rest, then Stands For Peace,  
a great wave of Unity will fan out  
around the world in a huge embrace of Love.

It is time to step out with one voice,  
one mind, one heart.

Please join us wherever you are.
